

Use only BRANZ appraised Deck Jaks® from Urban Building Products Ltd

2cm Structural tiles
Additional centre and side support may be required for large tiles. Check with tile supplier prior to installation

Two locating / spacing fins removed to allow Deck Jak® to suit under edge tiles

All locating / spacing fins removed. A small daub of waterbased adhesive may be placed between tile and Deck Jak®

10mm Adhesive Gridlocker
Provide Drainplane between exterior cladding and perimeter tile. Also locks tiles into tight grid to prevent movement.

Two locating / spacing fins removed to allow Deck Jak® to suit under edge tiles
